

Nadeem Rashid Success Story

'Go Your
Own Way'

Radian EST are passionate about supporting Radian residents into employment, training, self employment and starting a business. Providing the tools and sourcing additional help where needed with a dedicated after care team to help sustain employment or continue with the business/self employment.

Nadeem started his driving instructor business in 2008 with the desire to help others and to be his own boss. He is a fully qualified DSA approved driving instructor based in Berkshire with now over 9 years of experience and a very high pass rate.

Nadeem attended Radian EST's 'Go Your Own Way Course' early 2017 to gain additional support and advice on progressing with his business. He expressed the course helped him greatly and enabled him to piece his future plans together for the business.

'I would recommend taking the course as Being in business can be lonely and this way you meet others trying to do the same as you. Plus the course has been extremely helpful.'

Like many entrepreneurs Nadeem says working alone has been his biggest challenge since starting the business, however, he feels his greatest success is to feel that he is helping others and not having a business just for profit.

Nadeem's driving school, Prime Skills School of Motoring offers a wide variety of lessons, including learner and intensive driving lessons, Pass Plus, motorway lessons and more.
